Our Strongest Formula targets thick coarse hair! Viel hard wax beans remove even your most stubborn hair. These little yellow beads pack a powerful punch. Perfect for bikini, back, chest, underarm waxing, or anywhere you find unwanted coarse hair.

**Ingredients:** Glyceryl Rosinate, Triethylene Glycol Rosinate, Hydrogenated Microcrystalline Wax, Ethylene/VA Copolymer, Paraffin, Cera Alba, Parfum, Mel.

### Instructions for use:

1. Heat the wax in a wax warmer. 2. Continue heating until the wax is completely melted, smooth and warm, with a creamy consistency. 3. Check the temperature of the wax before use for hair removal by collecting a small amount on the spatula and applying it to the inside of the wrist. 4. Apply a thin, even layer of the wax, working in the hair growth direction. Leave a thicker edge at the end of the strip of wax applied. 5. Leave to cool until cold then tear off sharply, pulling against the hair growth direction.

**Warnings:** Do not use on irritated or broken skin, or skin with pimples, wounds, cuts, or varicose veins. Inspect the skin to ensure that it is dry and free from irritation before use. Keep out of reach of children.
